## ABOUT US

---

"We Try Harder", it's not just a slogan it's business as usual at Harper Mechanical Inc. We value each and every customer and appreciate every opportunity to work and provide the best result possible for our customers, our goal is to make sure the job is done right the first time, that owners are informed of any challenges, warn them of pit falls and try to find ways to save time and money. Our reputation is very important we are family owned and operated and because of that we like to bring each project to a personal level, the goal is to build a good working relationship with our customers and use project after project to build the trust necessary for long term relationship. If you'll allow us the opportunity, we can show you "We try Harder"
